

A. & M. EXPECTS STRENUOUS TIME

Schedule for Football Team Heaviest in Years—Carolina Will Be Tackled.

[Special to The Times-Dispatch.]
West Raleigh, N. C., September 6.—Manager W. L. Jewell, of the Agricultural and Mechanical football team has announced the following schedule for the season of 1913:

October 4—United States ship Franklin, at Raleigh.
October 11—Medical College of Virginia, at Raleigh.
October 18—Davidson College, at Raleigh.
October 23—Georgetown University, at Raleigh (fair week).
November 1—Wake Forest, at Raleigh.
November 8—Virginia Military Institute, at Richmond.
November 15—University of North Carolina, at Raleigh.
November 27—Washington and Lee, at Norfolk (Thanksgiving).
This is considered one of the best schedules ever arranged for the Tech eleven, six games out of the total of eight scheduled being on the home grounds. All of the teams which were met last year will be played again this year, except that the University of North Carolina will replace the game with the Naval Academy, and Virginia Military Institute has been added.

As usual, the first game will be played with the sailors from the training ship Franklin. The Tech always bring a fast team to Raleigh, and also their band and battalion, consisting of about 300 men.
The Medical College of Virginia played here for the first time last year, and the Red and White just did "get by" with the game by one touchdown. This team is composed mostly of college stars, and is a team to be reckoned with.
Davidson College will be played this year in Raleigh instead of at Charlotte, as was the case last year. They generally have a light but fast team. Against this year, and are determined to get even with them for the overwhelming defeat received at their hands last year. This year the Techs have a faster team, which is composed of more old men than the team of last year. Four years ago the Hill-toppers were defeated by Agricultural and Mechanical, 6 to 0, and the next year these two teams played to a scoreless tie. They did not meet the Techs this year, and the defeat of the Red and White last year made a tie, and the game this fair week will be the rubber.

The Wake Forest team will be played on Riddick Athletic Field this year, instead of in the Baptist territory as has been the case for the past three years, and, as these two colleges have many friends in Raleigh, it should prove a great attraction.

The Agricultural and Mechanical team will journey to Richmond for the first time in many years, where they will meet Virginia Military Institute on November 3. The cadets from Lexington were not met last year, but two years ago they surprised the strong Tech team, which ran up to Lexington for a "practice game," and defeated them 6 to 5. The cadets have improved very much in the past few years, having defeated Virginia last year, and the game in Richmond this year should prove a great exhibition of the sport.
On November 15 the University of North Carolina and the North Carolina Agricultural and Mechanical College will meet on the gridiron for the first time in eight years, and, from what has been learned from both camps, this will be a great battle. It should prove one of the biggest games and greatest drawing cards of any game played in this section this year.
On Turkey Day the Agricultural and Mechanical battalion will accompany the team to Norfolk again, where they will meet Washington and Lee University. Two years ago the Red and White defeated the White and Blue, 16 to 3, and last Thanksgiving the Lexington eleven turned the tables, defeating the Techs, 16 to 6, and the game in Norfolk this year should prove one of the best Thanksgiving exhibitions ever seen there.

Frank Dobson Will Answer Questions for Athletes Training for Marathon

FRANK DOBSON.

For the benefit of those athletes throughout the State who contemplate entering The Times-Dispatch Modified Marathon, to be run through the streets of Richmond the afternoon of October 4, beginning at 3 o'clock, arrangements have been made with Frank Dobson, physical director of Richmond College, and one of the best posted men in the South in regards to outdoor athletics, especially track athletics, to answer any and all questions relating to preparing for the race.

Mr. Dobson will inform any athlete how to prepare for the race, what food to eat, what clothes to wear, and every other matter which will aid in getting into proper physical condition to make a creditable showing. Unless a stamped, addressed envelope is inclosed, the answers will be printed on the sporting page of The Times-Dispatch daily. Where private or more intimate information is desired, Mr. Dobson will answer by mail, if the self-addressed, stamped envelope is inclosed. Communications should be addressed to Frank Dobson, care The Times-Dispatch.

As entries close for the big race on September 27, leaving approximately four weeks of preparation, those interested should write at once, and it is advisable to send along the entry blank, giving as much information as possible. The entry blank should be mailed separate from the inquiry to Mr. Dobson, and should be addressed to the Marathon Editor, The Times-Dispatch, Richmond, Va.

WHAT RICHMOND BOY DID ON TRACK

(Continued From First Page.)

ball, skating, foot-and-a-half and such games of the day.

He moved to New York, and was employed in a wholesale drug house, he joined the Manhattan Athletic Club, and soon took first rank as a runner. He then competed in races in the United States, Canada, England, France and Australia, and carried off the prize for all distances of a mile and under. I give below his running record: 100 yards, 10 seconds; 220 yards, 23.4; 250 yards, 25.1-4; 300 yards, 34.1-5; 320 yards, 35.1-3; 350 yards, 39 seconds; 440 yards, 49.1-5; 500 yards, 58 seconds; 600 yards, 1:14.1-2; 660 yards, 1:22; 880 yards, 1:56.1-3; 1,000 yards, 2:18.1-4; 1,320 yards, 2:18.1-2; one mile, 4:29.1-2.

The sporting papers of the day were full of his feats, and he was looked upon as a phenomenon. You can see from this that every low and then a Richmond boy takes the lead in things athletic; to-day we have Joe Boehling in the baseball field.

Lonny Myers was a boy worth knowing. Some of the men will recall him, and I know, will endorse what is said. Full of fun, quick in body and mind, loving and lovable, ever ready to help the other boy. He died in New York some years ago. His like I hope to see again—Peace to his ashes!

Yours truly,

S. T. B.

GETTING IN SHAPE FOR MARATHON

(Continued From First Page.)

charge of the race. He is the executive chairman of the games committee, and the games committee has absolute charge of the Marathon.

The course, as picturesque as could be laid out, is through the best residential section of Richmond. During the race Chief of Police Werner will stop traffic along the route, and the course will be policed by mounted officers. Mayor George Ainslie will give the word to the men, as official starter, and he, with Mr. Stuart, Dr. Lambeth and Governor Mann, will ride ahead of the runners in an automobile. It will be a real holiday—such a holiday as made of Athens the chief centre for athletic activities during the days when Greece made men by teaching them the value of outdoor exercise.

The real point in the Marathon is not to exploit any individual or any institution. It is to bring forcibly before the public and before the young men of Virginia the true value of perfecting themselves physically. It is to awaken from the period of inactivity that has too long obtained with the young men and boys. It is to inculcate in them a love for the great outdoors; a desire not so much to excel in a contest of speed, as to be in condition to stand the test of a distance of a mile and under. I give below his running record: 100 yards, 10 seconds; 220 yards, 23.4; 250 yards, 25.1-4; 300 yards, 34.1-5; 320 yards, 35.1-3; 350 yards, 39 seconds; 440 yards, 49.1-5; 500 yards, 58 seconds; 600 yards, 1:14.1-2; 660 yards, 1:22; 880 yards, 1:56.1-3; 1,000 yards, 2:18.1-4; 1,320 yards, 2:18.1-2; one mile, 4:29.1-2.

The idea that preparation for the Marathon is an arduous grind is entirely mistaken. Experts all agree that the strain on the athlete is not so great in a distance run as in the sprints, nor is the course of training required as exacting.

Richmond is going to do all that Marathon can do to make of this event something toward which the entire South will look year after year. The prizes, valuable though they be, and worthy the best efforts of all to obtain, are really an incident. The main feature is to get out the athletes. Every man has an equal chance. It will not be the expert against the novice, but the men all trained to the distance. It's the fellow who'll stick to the finish that'll come out ahead; not the brilliant performer who starts with a splash and finishes in a walk.

Remember this: the games committee, of which Governor-Elect Stuart is honorary chairman and Dr. W. A. Lambeth, active chairman, has entire charge. These men have the right to reject any entry for whatever reason. They will provide timers along the route, as well as observers. They will, in fact, look after all details.

Also remember that all entries must be in not later than September 27, earlier if possible, so that numbers and other information can be sent to the proper persons. Teams should be entered as early as practicable.

The runners will start at 3 o'clock in the afternoon. All applications should be addressed to the Marathon Editor, The Times-Dispatch, Richmond, Va.
